

Abbotsford Criminal Lawyer

Abbotsford Criminal Lawyer - Our firm focuses in providing legal solutions regarding commercial and insurance fraud and theft. Although the international commercial crime rates are on the rise, governments seem to be allocating less funds to fight this trend. As such, disputes which used to be dealt with by the government have currently been passed down to the civil courts.

Our lawyers are knowledgeable in both criminal and civil litigation. They make use of this knowledge, combined with our company's personal contacts, so as to make sure that our client's case is carefully pursued and investigated. The preliminary investigation is vital to the end resolution of a fraud lawsuit. Due to this, our lawyers work regularly along with the police department, as well as various investigative agencies and forensic accountants, computer and statistical experts, private investigators and handwriting analysts in order to make sure that a comprehensive investigation is done.

For the clients who might be interested; we offer private seminars concerning cutting-edge issues. We give our opinions about numerous matters and discuss all the legal facets which relate to the topics.
